2018 Awards Nomination Form

Categories and Qualifications

PROJECTS

Note: Multiple awards may be given in each category, except for the Project of the Year Award.

Outstanding STEM Program Awards: These awards are presented to public or private K-12 education and outreach organizations in Orange County or adjacent counties for their outstanding contribution to K-12 STEM education.

Outstanding Student Project Awards: These awards are given to exceptional student projects in any field of engineering in Orange County or adjacent counties. The nomination for this award must be made by a faculty member.

Engineering Project Achievement Awards: These awards are presented to public and private engineering/scientific organizations in the Orange County or adjacent counties for their outstanding projects. The projects nominated must have been completed within the past three years and they shall be worthy of special recognition because of their complexity, scope, or unique engineering accomplishment. The projects must have been developed by residents of, and produced or commissioned in Orange County or neighboring counties.

Project of the Year Award: Please do not submit a separate nomination for this award. The project for this award shall be selected by the OCEC Board from the list of Engineering Project Achievement Award nominations received. This project must be outstanding among the other projects submitted with complex scope of work, multiple tasks, and superior engineering performance.

Submit completed form by email to OCEC.Nominations@gmail.com on or before December 15, 2017
